To whom may concern,

Fianlly I can find a way to express my views. Let me introduce myself, I am 23, University student majoring in English. I used to study in S'pore for 9years. Also, I am very unhappy and upset abt my homeland --HK's current situation. Not Mr. Tung CheeHwa or the govt., but the rest of them.

First of all, I would like to express my thanks to what the govt. has done for us. Though many voices are opposing the govt. but frankly speaking, without the hardwork from the gov. can we live peacefully now? Many some will argue that the HK situation now is horrible, but look at other countries, most of them are suffering too, they chose to be united and against all oddz. Looking back to us, we only know to blame.

I grow up in S'pore, a place which is well-developed and ppl are very united. Besides it has a small population which it's easier for the govt. to control, it also has many tough and strait policies. I will say, Singaporean have not much freedom compare to HK. But ppl just blindly thinking that all their rights and freedom are being taken away. I really dying to know that what they really want so that they will think they have freedom?? how abt killing ppl freely or ruling HK?

The very main reason for HK's situation today is that, a group of politicians are trying to mess HK up. These ppl always telling ppl how bad the govt. is, how dark China is, how stupid Tung CheeHwa is...etc. BUt, what did they do for HK except bull-shiting? My whole family and quite some friends hate these group of politicians too! When TV shows the statistic on how many ppl hates the govt. or how many ppl wish HK ppl rule HK ppl, I really don't understand, why no one ever come and ask my opinion?? or my friends'? Aren't we Hk residents too??

Lastly, my suggestion is, Mr. Tung needs to improve his performance. He should act like a ruler. He's not our next door uncle, but he's the head of we people! So please be tough, be strong to fight instead of quietly accepting all the angers on him. Be like a leader, be sneaky, be scary. HK needs a tough man.

Will those ppl who wish the govt. dies just leave HK? And go to their neverland where freedom's all yours!

Best regards,

Cathryn
