Subject:A2(1) What should 'actual situation' constitute

Reply Reply All Forward Delete Move To: (Choose Folder)

The "Actual Situation" IS: the residents of Hong Kong should have a right to choose their own Chief Executive and their true representives in the legislature. This is basic human right and is applicable to all people in every country. Any denial to this right on any pretext is an absolute contravention to individual freedom.

Subject:A2(2) How 'gradual and orderly progress' should be understood

Reply | Reply All | Forward | Delete | Move To: (Choose Folder) ▼

From 1997 to 2004, Hong Kong has been returned to China for 7 long years. The political evolvement has been "gradual and orderly progressed" long enough. The majority of the people of Hong Kong has been politically matured enough to master their own fate. There should be no more delay in implementing universal suffrage from 2007 onwards as enshrined in the Basic Law.
