Subject:Oppose to Universal Suffrage in HK in 2007/2008

    Move To:

Dear Officers,

As a local HK citizen I wish to express my personal views on the issue of a proposed "Universal Suffrage" for our Chief Executive in 2007/2008.

I OPPOSE such a proposal by the so-called Democratic Party as I think that it would be pre-mature & unmatre for Hong Kong to adopt such a voting system. Our democratisation paces should be gradual by gradual. And most important of all, it must have the blessing from Beijing to avoid political confrotations between China & the HKSAR. furthermore, our future leaders (to govern HK) should be those PATRIOTIC PERSONS.
