Move To: (Choose Folder)

「實際情況」 shall include that Hong Kong people have the rights and choices to vote for the Chief Executive. Right now the 「情況」 is

1. we are represented by a "small group of people" who we cannot choose by voting. This "small group of people" is ineligible to represent Hong Kong people

2. nobody is dare to be a candidate in the Chief Executive election because of the "small group of people" system. In other words, Hong Kong people have no choices in selecting our own Chief Executive
