Subject: B5. Whether the phrase 'subsequent to the year 2007' should be understood to include 2007

    Move To:

The phrase 'subsequent to the year 2007' should also include Year 2007.

This is because we should understand it as anytime after 1st of January 2007. If the original idea was not included 2007, it would have used the year 2012 for example.

Therefore, it is not against the Basic Law to elect the CE by universal suffrage in year 2007 or anytime after that.
