Subject: Views on Hong Kong Constitutional Development

     Move To: 

Dear Mr Tsang, Ms. Leung and Mr. Lam

I did have absolute confidence in the formation, membership and terms of reference of the Special Task Force headed by Mr Tsang in working out the way forward for the constitutional development of Hong Kong with particular reference to the mechanism and time line for the election of our Chief Executive in 2007 and members of our Legislature in 2008.

Having said that, the unwelcome action of some quarters in advocating "Patriotism" principle and worst of all the recent shocking initiative taken by some senior members of the Standing Committee of People's Congress to proceed with unilateral interpretation of the Annexes relating to the following have shattered all my hopes for universal suffrage in the shortest possible time.

1. Change of election mechanism and procedure should start in 2007 or after 2007
2. Who has the right to initiate change of item 1.

What I want is very simple - the right to elect our Chief Executive in 2007 and the right to vote him/her out of office for incompetence and the right to choose the one I trust to represent my views in the Legislature in 2008's election.

Please stand up for the sake of Hong Kong's future, uphold the aspirations of the majority of Hong Kong people, and speak out for us.

Thank you for your intention.

C W Tso (Dr)
