Dear Sir / Madam,

I am a registered voter in the Health Services constituencies. I am an optometrist.

I would like to propose the splitting of this seat into two: one for nurses and one for all other health service professions.

The reason being the fact that the large number of voters in the nursing profession have dominated the outcome over the past elections.

A legco member elected by nurses would naturally work hardest for the nursing profession. This situation is unhealthy and unrepresentative of other health service professions and should be rectified.

Thanks.

Regards,
