

## AGAINST GENERAL ELECTION

HONG KONG people are now incapable of electing a leader to run HK by a general election because there are just too many "little"

stupid people who argue on moot point, totally disregarding the well being & harmony of Hong Kong. esp. 民主黨及

「基層票霸」。 They are

abusing their right, but don't know their place.

Constituent groups 立法區組別

are usually the more independent groups who can speak an honest word about the social ill or abuse by social welfare recipients without party bias or bigotry.

HK is politically sick,  
Chairman Tang wanted 16 old  
traditional HONG KONG 香港  
精神, 大長今精神) which  
means self sufficient, self  
respect & respect for others,  
harmonious existence.

Certainly not the ridiculous  
HK today, 為小事嘈吵  
而成大<sup>事</sup>. Chairman Tang  
would not want that as  
this nonsense, selfish,  
guardhouse disharmonious  
attitude would shake China  
to her core. Selfish democracy  
would be destructive to a  
poor China.

Singapore is surrounded by enemies  
(<sup>Soleim</sup> C. Moslem in Malaysia/Indonesia) that  
why Singaporeans are very united.

Hong Kong is infiltrated by crooks,  
both inside & outside who want to  
squeeze all the benefits from Hong Kong  
- (General election would only  
at least HONGKONG 11 tax to 50%. Destroy initiative
